nestled among the century-old trees in tropical forest and located only a 45-minute drive from Kuala Lumpur, The Chateau is the world's first organic spa and wellness resort. Inspired by the 18th-century "Haut-Renaissance" châteaux in Alsace, France, The Chateau sits majestically on Bukit Hills, among lush and untamed greenery. Offering a complete organic experience, the breathtaking and picturesque destination spa and resort offers impeccable services coupled with unsurpassed standards. Featuring 200 elegant rooms and suites, each one is thoughtfully appointed with organic bed and bath linens as well as better "green" fabric-covered speakers. Our delicious gastronomic organic as well as non-organic cuisine aims to mind to well-being.
