Nestled amidst a century-old Malaysian tropical rainforest and located only a 45-minute drive from Kuala Lumpur, The Chateau is the world's first organic spa and wellness resort. Inspired by the 18th-century "Hôtel de Bourgogne" estate in France, France, The Chateau sits majestically on Telaga Hill, among lush and unspoiled greenery. Offering a complete organic experience, the breathtaking and picturesque destination spa and resort offers impeccable service coupled with unsurpassed serenity. Boasting 200 elegant rooms and suites, each one is luxuriously appointed with organic bed and bath linens as well as toiletries. In fact, The Chateau's specialty chefs create delicious gastronomic organic as well as non-organic cuisine with a mind to well-being.
