THE CHATEAU SPA & ORGANIC WELLNESS RESORT

A 45-minute drive from Kuala Lumpur, amidst a Malaysian tropical rainforest, you'll find **The Chateau**—the world's very first organic spa and wellness retreat. Inspired by the 18th-century "Haut Koenigsbourg" castle in Alsace, France, The Chateau reigns majestically over Banjaraya Hills, an oasis of lush, unspoiled greenery.

At once breathtaking and picturesque, this unique destination spa offers a complete organic experience, coupling impeccable service with unsurpassed standards. Each of the 200 elegant rooms and suites is luxuriously appointed with organic bed and bath linens, as well as organic toiletries. A team of epicurean specialists creates delicious gastronomic fare (both organic and non-organic) with a mind to well-being.

Central to The Chateau's offerings is **La Santé**, the resort's European-style, state-of-the-art organic spa, where the best of European spa expertise marries graceful Eastern hospitality. Spa personnel employ the finest organic spa products and certified training to deliver individually customized therapies and programs with various areas of focus, including stress relief, body sculpting, body cleansing, prenatal care and fit for life.

With a mission to incorporate fitness into everyday life, the resort inspires and equips guests to embark on a journey toward total well-being.
