## WORLD'S FIRST ORGANIC SPA & WELLNESS RESORT

RISING MAJESTICALLY AMIDST a tropical rainforest, The Chateau Spa & Organic Wellness Resort is inspired by the 18th-century 'Haut Koenigsbourg' castle in Alsace, France, and is the world's first organic spa and wellness resort to offer a complete organic experience with personalised holistic spa and wellness programmes for its discerning guests in search of the ultimate health and well-being enrichment. Positioned to differentiate itself from other destination spas in the world, The Chateau devised a winning strategy of an impossible feat; La Santé, the jewel of the Chateau, combines the best of European expertise with Asian hospitality.

From the organic hand towel and welcome drinks offered upon the guest's arrival, to its 100 per cent organic bed linens, organic bathroom amenities from the VOYA product range (hand harvested seaweed from the untouched ocean bed of Ireland), delightful organic cuisines and spa treatments, The Chateau offers an extraordinary organic wellness experience, coupled with unsurpassed hospitality standards and impeccable service adopting the latest environmentally-friendly technology and practices.

The Chateau Spa & Organic Wellness Resort has been honoured with numerous awards for its excellence. In the cuisine domain, The Chateau has gained remarkable achievements. L'Assiette is an award-winning French fine dining restaurant that serves gastronomic French cuisine that promotes well-being.

The Chateau is not only a retreat that embraces holistic ideas and relaxing principles, but one that defines the eminent journey towards wellness.
