# Grandeur Greet Guests.

Be welcomed by unparalleled magnificence at every turn at The Chateau Spa & Organic Wellness Resort, where guests are treated like royalty

**T**he Chateau Spa & Organic Wellness Resort fashioned after the Chateau Haut-Koenigsbourg – the castle situated on a hilltop and just west of Sélestat in Alsace – is the world's first organic spa and wellness resort to claim a spot on the global pedestal with a glorious double triumph as the prestigious Seven Stars and Stripes (the global authority on award winning establishments) confers four prestigious awards to the Chateau, and at the same time, the American Academy of Hospitality Sciences also bestows her with an 'International Star Diamond Award'. The American Academy of Hospitality Sciences is renowned worldwide for awarding excellence in the global travel and luxury services sector. Each year the Academy presents its coveted International Star Diamond Award exclusively on five-star establishments. This award is the most prestigious emblem of achievement and true quality in the hospitality industry worldwide. All its recipients are deemed to be of pinnacle quality and global recognition.

The Chateau Spa & Organic Wellness Resort is the embodiment of opulence and provides guests with a luxurious and uniquely relaxing hotel experience. The resort sprawling over 16,000 acres of lush greenery is set atop Berjaya Hill at 3,000 ft above sea level, where it reigns over Colmar Tropicale, a French-themed village resort and is secluded from the hustle and bustle of the city life. The resort overlooking the tendered

green lawns and slopes of the 18th hole championship golf course of Berjaya Hills Golf & Country Club, offers guests a chance at tranquillity and to be cocooned in luxuriant comfort.

No other resort defines the journey towards wellness as well as the Chateau does. Not only are the products at the resort certified by both the US Department of Agriculture and the Soil Association, but the hotel staff too, go beyond the line of their duty to ensure that guest's every need is met as they enjoy the pampering and enriching experience that takes place at the resort. Guests have a choice of 128 elegant rooms and suites to choose from including Deluxe rooms, Premier rooms, and Spa Suites; each room is distinctive, tastefully furnished and environmentally friendly with 100% organic bed and bath linen as well as room amenities that include exclusive Voya organic bath products from Ireland. Keeping in tune with nature, all amenities at The Chateau are made from fully biodegradable materials.

La Santé – the organic wellness spa – is the jewel in The Chateau's crown. A sanctuary of healing and wellness, La Santé is the first European concept spa in Asia. Combining the best of European spa expertise with renowned Asian hospitality, La Sante offers a complete organic experience to a discerning clientele who wishes to embark on a journey toward wellness. Well-trained spa crews provide tailor-made therapies

and programme which include Stress Relief, Body Sculpt, Wellness Getaway, Fit for Life, Beauty Essence, Body Pamper, Total Beauty, Couple Retreat, Body Cleansing as well as Pre Natal Therapy and Post Natal Remedy and For the Men programme. Unique features of La Santé include a herbal-infused sauna chamber, an Aquaveda heated bed, imported from Germany, and a Salt Grotto. The Salt Grotto is a wellness facility that none can compete with. The walls have been accessorized by Swarovski crystal and the air infused with salt for a therapeutic effect – words alone cannot describe the calming effects it has on a person.

The winner of the 'Overall Hotel Concept' award, 'Spa & Wellness' award, 'Fine Dining' award, and 'The First Organic' award, proves it is a worthy winner by taking care of all details including minute ones. The Chateau's Butler Service is one of it – no request is too small or unattainable, even if it is in the wee hours of the morning. The hotel staff strives to provide the best, assuring guests that individual preferences are understood and addressed flawlessly throughout their stay.

The experience at Chateau Spa & Organic Wellness Resort is truly a special experience, as not only do guests get to immerse in nature but they also have the opportunity to relax and indulge in activities that would prove to be too cumbersome in the city. The Chateau's no-children policy (below the age of 12) ensures the hotel retains its exclusivity and the guests' stay at The Chateau is pleasant.
